

NEW NIGHT SCHOOL DEPARTMENT

Room For Upper Grammar School Opened—Held at Broadway School Building—Hoped to Bring in Large Number Who Have Left School Early—Class of Six to Grow Larger.

Wednesday evening in the Broadway school building an additional department in the town night school was opened with an attendance of six scholars, four young men and two girls. This opening registration is expected to increase rapidly and it is anticipated that this class ought to add to its numbers greatly as soon as the new room is opened. The new room is to take up a department never before touched upon by the town night school, supplying instruction from the fifth to the eighth grades to those whom the necessities of home conditions have compelled to leave school at the age of 14 or over and before completing the eighth grade. It is felt by Supt. E. J. Granger that there is abundant opportunity for the night school to be of very

real help to a large class of American-born young people in this way by supplementing the incomplete education which they have been compelled to receive through the necessity of going to work to help in their own or the family support.

This grammar instruction which will be furnished in arithmetic, reading, spelling, geography, grammar and history, will, it is seen, apply to an entirely different class from the other night school classes, as those are for the foreign-born of various ages who more often than not have only an uncertain knowledge even of the language of the country of their adoption.

The teacher for the grammar school is to be Mrs. George J. Fuller, one of the day school substitutes, and the class is to be conducted in Miss Cawson's room on the first floor of the Broadway schoolhouse.

You Should Have Seen the Pimples

But Now Her Face Is the Fairest of the Fair, Due to Stuart's Calcium Water.

Those pimples are like pearls in a ruby cluster when Stuart's Calcium Water clears the face of every pimple, spot and blotch. And even if you haven't pimples, the clear, transparent skin of a healthy, Calcium Water complexion is more radiant than the dewy touch of an artist to the most exquisite water color.

Stuart's Calcium Water acts directly upon the sweat glands of the skin, since their mission is to excrete the excretory ducts. They do not create perspiration, but cause the skin to breathe out vigorously, thus transforming perspiration into a gaseous vapor. The calcium sulphide of which these waters are composed, consumes the germ poisons in the sweat glands and pores, hence the blood makes a new, smooth skin in a surprisingly short time.

You will never be ashamed to look at yourself in a mirror, once you use Stuart's Calcium Water. Nor will your friends give you that hinting look, as much as to say—for goodness sake, get rid of those pimples.

There is no longer any excuse for anyone to have a face disfigured with skin eruptions, when it is so easy to get rid of them. Simply get a box of Stuart's Calcium Water at any drug store and take them according to directions. After a few days you will hardly recognize yourself in the mirror. The change will be so marked that all blemishes will disappear. All druggists sell Stuart's Calcium Water at 50 cents a box.
